Software engineering student

Profile Summary:

Passionate 3rd-year Software Engineering student at Adama Science and Technology University with a strong interest in coding and competitive programming. Excited about the potential of software to drive innovation. Skilled in problem-solving and algorithmic thinking, seeking challenging projects to make a significant impact in the tech world. Currently working on web development, competitive programming, mobile application development, and graphics design. Additionally, attending a digital marketing course and exploring machine learning.

Education:

Bachelor of Software Engineering
Adama Science and Technology University|
ASTU

Expected Graduation: June/July-2025

Cumulative GPA: 3.78/4.0

Relevant Coursework:

- Operating Systems,
- C++,
- Python,
- Advanced Programming,
- Java,
- Database Systems,

- Computer Architecture and Organization,
- Electronics Circuit,
- Data Structures and Algorithms
- Engineering web Based System(PHP)
- Information Storage and Retrieval
- Software Architecture and design
- Linux

Tech Stack

Dart : Flutter|C++|

Javascript : NodeJs , React,ExpressJs

Python| Java

Frontend: Html Css Bootstrap

Database management : MongoDB, MySql

Certificate

- Python Basics Completion Certificate from HackerRank
- Graphics Design Certificate from Adama science and technology university
- Data structure and algorithm Certificate from Board infinity

Additional Skills:

- Strong analytical and problem-solving abilities
- Excellent teamwork and communication skills
- Ability to quickly learn new technologies and programming languages
- Attention to detail and commitment to delivering high-quality work

Interests and Hobbies:

- Technology|Travel|Fashion|Learning Languages
